

data.aws_ami.ubuntu

aws_key_pair.key-tf

aws_security_group.allow_tls

aws_instance.instance-web

```
graph LR; A[aws_instance.instance-web] --> B[data.aws_ami.ubuntu]; A --> C[aws_key_pair.key-tf]; A --> D[aws_security_group.allow_tls];
```

The diagram illustrates the dependencies of the `aws_instance.instance-web` resource. It is shown as a central node on the right, with three arrows pointing left to the resources it depends on: `data.aws_ami.ubuntu`, `aws_key_pair.key-tf`, and `aws_security_group.allow_tls`.
